

How-To Embed Video's in Online Courses

1. Locate the video you'd like to include in your course.
2. Select the Share button located at the bottom of the video. (see image below)
3. Click the Embed button. (see image below)

4. When the Embed button is selected the HTML code used to embed the video is displayed. Click in the box of code to select all of the code. (See image below)

```
<iframe width="560" height="315"
src="http://www.youtube.com/embed/5YhWAj3YQes"
frameborder="0" allowfullscreen></iframe>
```

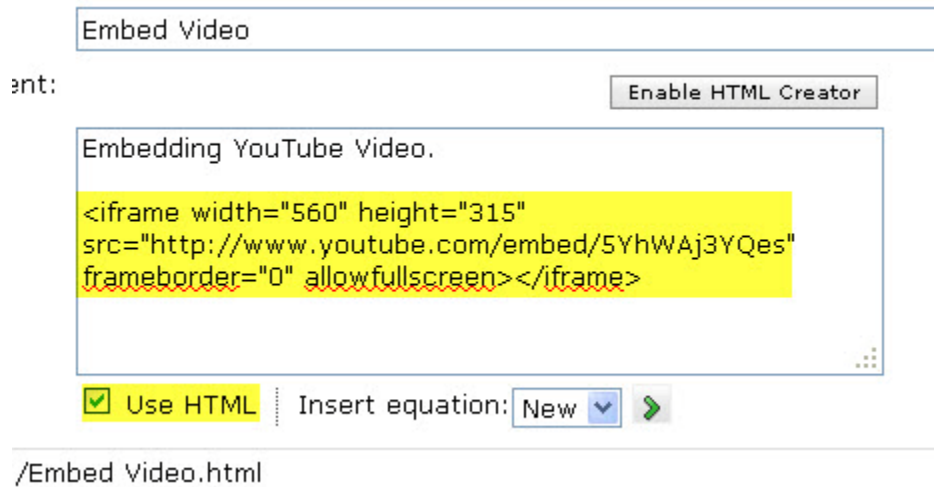

After making your selection, copy and paste the embed code above. The code changes based on your selection.

- Show suggested videos when the video finishes
- Use HTTPS [?]
- Enable privacy-enhanced mode [?]
- Use old embed code [?]

560 × 315 640 × 360 853 × 480 1280 × 720 Custom

Width: px

5. With the HTML code selected you will need to copy it. You can do this by right clicking your mouse and choosing Copy on the shortcut menu or by pressing Ctrl+C on the keyboard.
6. Next, open your course and find the desired location within the course for the video. Paste (right click and paste or CTRL+V) the code directly into the Content area of the page. Be sure to select Use HTML and click Save. (see image below)

7. To verify that the video is indeed embedded on the page select the Action Menu link for the page and choose Preview.
