

Online Program of Study
Endorsement in Special Education for
Elementary Education Majors

21 Hours – Elementary Education endorsement in Mild/Moderate Special Education K-12 for undergraduate candidates.

21 Hours – Endorsement in Mild/Moderate Special Education K-12 for those who already hold a standard A license in elementary.

CSP 383 – Study of Developmental Disabilities	fall and summer
CSP 384 – Study of Learning Disabilities	fall and summer
CSP 385 – Study of Emotional Disturbance	spring and summer
CSP 346 – Classroom Behavior Management	spring and summer
CSP 340 – Survey of Exceptional Children	fall, spring, and summer
CSP 348 – Collaborative Partnerships in Special Education	spring/summer
CSP 372 – Teaching Methods in Elementary Aged Inclusive Settings	spring only

Prospective elementary education teachers may take the 21 hour sequence while enrolled in the BSE in elementary education. This option will count as one of the required endorsements in elementary education degree program.

Teachers who have completed an undergraduate degree in elementary education may enter directly in to the M.Ed. in special education or may take the 21 hour sequence to receive endorsement to an A license. This 21 hour sequence is a K-12 endorsement. The M.Ed. leads to an AA license in special education: mild/moderate disabilities, K-12.
