AVIATION MANAGEMENT MISSION:

The Aviation Management Program’s mission is to deliver a premier education that equips students for leadership and managerial roles in the aviation industry. Committed to excellence, inclusivity, and sustainable practices, we develop forward-thinking professionals who are prepared for the dynamic challenges of aviation management, culminating in a Bachelor of Commercial Aviation degree.

PROGRAM EDUCATION GOALS:

1. Innovation and Excellence

- i. Goal: Empower students to drive innovation and achieve excellence in the aviation industry.
- ii. Explanation: Our program aims to cultivate a culture of excellence and innovation by emphasizing challenging conventional thinking. Through rigorous academics and hands-on learning, students will be equipped to lead advancements and uphold the highest standards within aviation.

2. Industry Integration

- i. Goal: Ensure students are industry-ready by directly embedding current aviation best practices and standards within the curriculum.
- ii. Explanation: Our curriculum is designed to integrate current industry best practices and standards, ensuring relevance and applicability. Through

partnerships with aviation leaders and focusing on practical challenges, we prepare students for contributions to aviation right from the start.

3. Leadership and Adaptability

- i. Goal: Develop leaders who will excel in guiding and mentoring teams through aviation's dynamic landscape.
- ii. Explanation: The program focuses on developing professional, adaptable, and team-oriented leaders. By emphasizing forward-thinking and the ability to navigate change, we aim to equip students with the skills necessary to lead with innovation and adapt to the dynamic nature of the aviation industry.

4. Global Perspective and Sustainability

- i. Goal: Forge aviation professionals with a global and inclusive vision committed to sustainability and positive worldwide impact.
- ii. Explanation: We aim to enrich aviation education with a strong emphasis on global interconnectivity and inclusivity, preparing students to embrace diverse perspectives and address international challenges. By integrating a curriculum that prioritizes ecological sustainability and cultural awareness, our graduates will be at the forefront of shaping a responsible and inclusive future for the aviation industry on a global scale.

5. Lifelong Learning and Community Engagement

- i. Goal: Inspire an enduring passion and curiosity for growth, thus producing a strong mindset of continuous community contribution among students.
- ii. Explanation: Encouraging a curiosity-driven approach to education, our program aims to foster a diverse knowledge base and a passion for continuous learning. Through community engagement and service, we

inspire students to extend their learning beyond the classroom, preparing them for a lifetime of personal and professional growth.
