

Coming Up at the WMBDC:

Common Tax Errors Small Businesses Make

June 24, 2024

Presenter: Anitra Eubanks
IRS Stakeholder Liaison

The WMBDC is grateful to host this discussion at an in-person session: 4 common tax errors that small businesses make. These errors include underpaying estimated taxes, not depositing employment taxes, filing late, and not separating business and personal expenses. An official announcement is forthcoming.

Our guest speaker is Ms. Anitra Eubanks. Ms. Eubanks serves as a Stakeholder Liaison with the IRS in Jackson, Mississippi where she helps small business owners and self-employed taxpayers understand and meet their tax obligations through education and outreach.

Hair Knotti

OWNER: SHARDE MCCLURE

Hair Knotti is a hair care product line that promotes healthy hair and length retention. The owner started this company during the pandemic, when products were scarce in efforts to grow her hair longer. The Samson Oil is a blend of natural herbs with length retention properties infused in coconut oils. The Hair Cake Crème keeps the hair moisturized!

“The Business Incubator program has changed my business trajectory and mindset drastically. The program has provided me a head start to consistency and visualizing my business as a “real business”. So often, when developing a business during the dream phase, having a store or office space feels unreachable. One obvious reason is finances. Having less overhead is the most given advice to first time small business owners. The Business Incubator Program has helped me to become more structured in my thinking. I’m blessed to have the opportunity many small business owners in my community are dreaming to attain.” ~Sharde McClure, Owner
